- **Matt & Kayla Rushing - I'm from central ill. I'm 28 and have been pushing metal for about 8-9 years. I was an apprentice of Tim Adams. Then worked in a Body shop for about three yrs and have ran my own body shop/dealer route for round three yrs. Trying to tap the retail/body shop market more aggressively though. I went and got vale cert. Master craftsman last year to help. Just tired of wholesale (bottom dollar). I know I'm better than that. I do local hail never chased. I've got a 8 month old at home.
